OFFICAL DENIAL BY M'REYNOLDS

Declares He Issued No Orders Delaying White Slave Case.

TRIAL ABOUT AUG. 5.

Attorney-General Sees no Reason Why Caminetti Matter Cannot be Called at Date Given.

Washington, July 29. — Attorney-General McReynolds today flatly denied the story that the Caminitti case is to be dismissed and that other "white slave" cases of similar nature are to be dropped .

"So far is I know the Caminitti case will proceed to trial about August 5." said Mr. McReynolds. "No instructions to United States attorneys have been issued by me relative to interpretation of the Mann act. If any interpretation of the Mann act had been undertaken in the department, some one would of course, have spoken to me about it. The report is without truth."

It was asserted in this report originating in Washington, and sent to a New York newspaper, "that the attorney-general has issued instructions to all the United States attorneys that no prosecutions shall be brought under the Mann act except those in which the defendant is shown to be sharing in the profits of the white slave traffic."

Such an order would cause the dismissal of the case against Drew Caminetti, son of the Commissioner general, but no such order has been given or is contemplated, according to Mr. McReynolds,.

Young Caminitti and Maury Diggs are charged with having caused two young school girls of their city to go to Nevada with them. Paying their fare in interstate travel constitutes a violation of the Mann act, as interpreted by the courts in the past.

The allegation against the attorney general is that he had determined to let prosecution be made only when it was shown that the man concerned sought to induce the young woman to lead a life of shame.

JAPANESE ISSUE NEAR END.

Friendliness of Nations Established Administration Believes.

Washington, D. C., July 29—Administration officials here are disposed to take an optimistic view of the negotations with Japan arising from her protest aganst the California anti-alien and aw and believe that a complete understanding is almost in sight.

While there may be another interchange of notes, Administration officials feel that the diplomatic correspondence so far has established the frindliness of the United States Government for Japan and the absence of intent upon its part to discriminate against Japanese. While there has been no specific solution of the questions arising, it is said a frank understanding of the purposes of the two nations has arisen from the negotiations.

The reports of the places struck by lightning were scattered all over Manhattan. Car lines were blocked and business was at a standstill for more than an hour. Mrs. Sankpeal identified both bodies at the morgue. She told the coroner she had quarreled with her husband Sunday night, and he had left her in anger. She was sitting up awaiting his return when notified of the accident.

FIERCE ATTACK ON EPISCOPAL CHURCH

Rev. Charles Steel Davidson Will Rent a Hall and Lecture.

A WOMAN IN THE CASE

Talks of Libel, Charging Unfairness, Injustice, Brutality and Cruelty.

Charlottesvlle, Va., July 29— Rev. Mr. Davidson has issued the following statement relative to the report that he would be tried before an ecclesiastical court at Roanoke.

"There will be no trial except in the United States Court for libel. The Episcopal Church has no point against me which cannot be cleared perfectly. I have done nothing that cannot be justified. I received notice 10 days ago that the trial would not take place on Monday, July 28, I am not interested now in what they are going to do, having publicly repudiated and renounced the ministry of the Episcopal Church.

"My charges of unfairness and injustice against them include brutality cruelty and unfairness of two bishops, the conspiracy of wicked men and the influence, back of it all, of a thoroughly bad woman. This woman's name I will make public later."

Mr. Davidson said that in his forthcoming lectures in a local theatre he would give a history of his experience in the Episcopal Church, leading up to the present situation.

"They have been trying for the past nine months unfairly to punch me out of the church. I have insisted that the matter shall come out into the open." he said. "I believe firmly in an all-believers' church—a unifying or the church and out of it. There is a church beyond the church that must be ganization that will include believers in taken into account."

Mr. Davidson said he had postponed a trip into the Blue Ridge Mountains to visit a friend in order to stand his ground in the present controversy. The church trial goes over until September.

Rev. Davidson is said to have been deposed from the rectorship of St. Mark's, Cleveland, O., several years ago following a clash with Bishop Leonard.

It appears that Mr. Davidson wished to have a minister of another denomination fill St. Mark's pulpit during his absence ot a few weeks from Cleveland, and when the bishop objected Mr. Davidson proceeded to invite the minister of his choice to take his place in spite of the bishop's opposition.

Afterwards Davidson was relieved of his charge and for some months thereafter is said to nave engaged in business in Cleveland. He came from that city to Virginia two years ago. Prior to going to Cleveland he is said to have had a controversy while at Holy Apostles' Church, Brooklyn, N. Y.

GIRL A BANDIT QUEEN.

Directs Gang of Boy Robbers and Escapes Arrest in Raid.

Cleveland, July 29.—An 18-year-old girl, who has acted as queen for a gang of bandits which has been robbing freight cars, delivery and express wagons is sought by the police following a raid in which 11 boys have been jailed. The girl, whose name is known to the police, is declared to have directed the operations and superintended the dividing of the plunder.

For weeks the gang has been operating in the vicinity of the Big Four Railroad. The girl has been seen to lead the boys to the railroad yards, where they broke into cars and got away with much loot. According to the police the girl does all the scouting, hunting for opportunities to make raids and then leads the gang in its work.

According to the police the proceeds from each robbery were turned over to the girl leader and she keeps the larger portion and distributes the rest among the members of the gang.

LONG-DISTANCE TELEPHONE.

Will Soon Be Able to Talk Across American Continent.

The wonders of the twentieth century are not appreciated by the younger generation born in the era of electric railroads, telephones, wireless telegraphy, etc., Many now living, however, whose minds go back to the days of the infancy of such modern contrivances stand aghast at the wonderful progress which has been made.

In looking over a copy of the Alexandria Gazette published during the latter part of the fifties it was noticed that it required at that time about three months to get news from California to Alexandria. It requires but a few minutes now.

Washington and incidentally Alexnadria will soon be linked commercially by telephone with coast cities, according to to local telephone engineers.

Only recently the lines have nosed their way westward as far as Denver so that should one decide to call Denver by phone right away he or she may do so within a few minutes The commercial transmission of telephonic conversations from the Atlantic seaboard with Denver has only been established within the past few months. The engineers are making every effort to push the lines to the Pacific limit and complete cross continent conversations, from the water edge of the Atlantic to points washed by the Pacific.

WELCOME NEGRO MEMBERS.

Federation Executive Committee Opposes Racial Distinction.

Atlantic City, July 29—In a statement issued by the Executive Committee of the American Federation of Labor, now in the second week of its conference at the Hotel Strand, it was set forth that not only does the Federation approve of the admission of negroes to the various subordinate organizations, but is now making every possible effort toward the organization of colored workmen. It was while considering the work of the National League on Urban Conditions Among Negroes that this subject came up for consideration, and the sentiment towards aiding in the movement for organization of colored workmen appeared to be general among the prominent labor leaders.

The appointment, it is said, was made upon merit, politicial influence and connections not having been taken into consideration.

Dr. Marvin has occupied the position of chief of the division of instruments since 1888, having retained that position when that divisi. and the Weather Bureau were consolidated with the Department of Agriculture in 1891. His legal residence is in Columbus, Ohio, although he has been a resident of Washington for years.

LACK OF FUNDS MAY STOP STRIFE

Business Men Are Likely to Restore Order in Mexico.

SERIOUS CONDITIONS.

Huerta Regime Ready to Collapse—Moneyed Interests May Compel Him to Abdicate.

Washington, July 29.—Big business" often accused in the past of starting trouble in Mexico may come to the front to stop the present revolution and relieve the American government of the embarrassment of trying to settle the troubles of Mexico without going to the extent of recognizing Huerto or invading Mexico.

It may, in short, compel Huerta to resign by the pressure of an economic crisis, and bring about the selection of a successor strong enough to cement the breach now existing between the followers of Huerta and the Carranzistas, or Maderists.

'Big business," it is reported, has indirectly advised official Washington, that, given reasonable time, it will bring an end to the disorders in Mexico by shutitng off from both sides the means of procuring the instruments of disorder.

Paris, July 29.—The Mexican constitutional committee have profess to have received a private cablegram from Mexico City saying that the Huerta regime would surely fall within fifteen days.

Miguel Doaz Lombardo, gave out the information and he said that the sender of the cablegram was in a position to know whereof he speaks. The Paris Mexicans believe that Huerta is on his last legs.

"Huerta is the Mexican Czolgosz," said Lombardo. He added that the local committee had made every effort to prevent Huerta government from obtaining a loan from Paris bankers and said that apparently their efforts were successful.

"The appointment of De La Barra as ambassador to France is Huerta's last card in a play for European financial support" he said, "and it will surely fail."

MOTHER SAVES CHILD.

Seizes Little One as She Was About to Pick up a Rattlesnake.

Poughkeepsie, N. Y., July 29. — Charmed by a rattlesnake in the dooryard of her home, Helen Lahey, three years old, daughter of Andrew Lahey, a farmer near Amenia, was snatched away from the snake by her mother yesterday morning as she was about to lay her hands on it. The rattler, more than three feet long, having nine rattles, was killed by the child's father.

For several days the child's parents had observed that she was acting strangely. She spent most of her time near the kitchen door, where there was a large flat stone. The child cried in her sleep and every morning as quickly as she was dressed she would run into the yard and peer about under the stone. On Sunday the mother heard the child talking and laughing in the yard. Mrs. Lahey looked out and saw the child stooping beside the stone and clapping her hands. Asked what made her laugh she could give no explanation . Yesterday morning Mrs. Lahey observed her walking slowly toward the snake. Afterward the chlid told her parents about having seen the snake there many times and said she sometimes took food to it.

WORK RESUMED ON CURRENCY BILL

House Committee Adopts Star Chamber System for Future.

SWORN TO SECRECY.

Measure, Complete or Incomplete, Will by Vote of a Majority, Go to Caucus August 11th.

Washington, July 29.—Operating under a pledge of secrecy, the Democrats of the House Committee on Banking and Currency resumed work today on the administration currency bill with the promise that the measure, complete or incomplete, will go to the party caucus on August 11.

The majority members of the committee yesterday adopted a resolution to send the bill to the caucus on that date. By a majority of one, the Democrats also declared for star chamber proceedings hereafter. The Democrats, embarrassed by the published accounts of their conferences decided that it was none of the public's business how much they wrangled, and they entered a compact not to talk of such little family disagreements as near fisticuffs.

The motion for secrecy is said to have been adopted only after Chairman Glass had cast his vote breaking the tie. Members of the majority today say they are "honor bound" not to divulge what transpires behind the locked doors of the committee room.

Minority members of the committee are expected to renew their attacks upon the star chamber proceedings of this character.

STORM HITS BALTIMORE.

Great Property Damage and People Injured.

Terrific winds, sharp lightning and a heavy downpour of rain swept Baltimore yesterday afternoon, injuring 18 persons directly and indirectly, unroofing houses; uprooting trees and causing fires in several outlying sections. The police were informed that many minor injuries to persons and property had been sustained.

The storm started about 4:23 P. M. and lasted about 55 minutes. At one time one-half inch of rain fell in 14 minutes. The wind attained 35 miles an hour.

At Roland Park eight men were injured indirectly by the storm. They were in the fire automobile, which skidded while returning from a fire caused by lightning. The machine turned over twice. All were severely injured and two may die.

Lightning hit three cars in as many sections and injuries to six persons resulted. In East Baltimore a panic followed when a car was struck and three persons were injured; in West Baltimore two men were injured, and in South Baltimore a motorman was struck when the bolt hit his car.

Two other men were struck by lightning. In Southwest Baltimore a man fell unconscious and was revived at Franklin Square Hospital by the pulmotor. Another was struck in West Baltimore.

Southwest Baltimore was fairly ravaged in the loss of roofs. Other sections of the city suffered severely In some places numerous adjoining houses were unroofed, and in one place two roofs hung over electric wires.

In Catonsville a $15,000 fire resulted at the old mansion in Harvest Home Park and two women were stunned by lightning.

The steeple on Babcock Memorial Church, Madison and North avenues, was struck by lightning. Considerable damage was done.

Telegraph, telephone and street railway wires were broken in the city and suburbs. A large loss was sustained by the companies.

One of the remarkable features of the storm was that in the county there was a heavy rainfall earlier in the afternoon, which was followed by clear weather when the city was in the storm's grip.

The heat was intense in the city. There was little relief after the storm

It was suggested by the complainant that he be arrested, taken to jail and compelled to take an ablution This request was denied, as there is no reason why that institution should be used for such a purpose. The enemy of soap and water will tomorrow be ordered by the police to cleanse himself under pain of being placed upon the roads.

Atlanta, Ga., July 29— The Rev. Crawford Jackson, secretary of the uvenile Protective Association, was ound over on charges preferred by Louvenia Durden, a pretty sixteen ear-old girl, employed in his office stenographer.

Miss Durden testified that Mr. ckson had tried to embrace her, had succeeded in kissing her ile she was alone with him in his e.

e girl said that Mr. Jackson had m of physical exercises in which trilled her occasionally, complim ng her on her development. She ered he offered her ale to drink Mr. Jackson denied the charges.

TOOK OFF HER SKIRT.

Bather Causes Sensation in Chicago And is Arrested.

Chicago, July 29.— Mayor Harrison has directed the police to se that proper costumes are worn by women at the public bathing beaches. The mayor's attention was called to the picture in a newspaper showing a woman who had taken off her bathing skirt after she had gone into the water.

"Such exhibitions are worse than the cabarets," said the mayor. "No woman should think of wearing that kind of a costume, and my idea is that the police should gently but firmly insist on the lady putting on proper costumes."

On Sunday the police arrested Dr. Rosalie Ladova for bathing in bloomers at the Jackson Park beach. Dr. Ladova took off her skirt at the water's edge, placed it under a stone and began to swim. A policeman caused a lifeguard to pursue her in a rowboat.

Dr. Ladova asserted that she swam without a skirt as a matter of principle, and would fight to have the sexes separated while bathing or else to have women given more freedom in swimming costume. She was released on bail.

MINISTER HURT IN RUNAWAY.

Rev. F. H. Craighill Seriously Injured While on Mountain Trip.

Wytheville, Va., July 29.— While driving across the mountains to reach a mission house at Ivanhoe, late last Sunday evening, Rev. F. H. Craighill, rector of the Episcopal church in Wytheville, was thrown from his buggy and seriously injured.

The horse ran away. The minister suffered a terrible scalp wound and other injuries on the back and shoulders. He narrowly escaped instant death. It will be some time before he will be able to resume his duties.

The injured minister is a first cousin of the Rev. G. Peyton Craighill, rector of the Church of the Epiphany, Barton Heights, Richmond, who is camping at Goshen Pass.

WASHED INTO SEWER.

Baltimore Boy Carried Two Blocks and Loses Sister's Umbrella.

Baltimore, July 29—Washed bodily into a sewer entrance at McHenry and Pulaski streets during the storm yesterday afternoon, Edward Hetzer, 3 years old, was carried at least two blocks through the sewer, but had sustained only a few bruises on the body when he was carried out on an open space at Bentalou street. He had, howver, lost an umbrella, which he was carrying to his sister, who is employed in a factory in that section, and seemed more anxious about recovering the umbrella than about any injury he might have sustained.

About 6:20 P. M. Police Captain McGee, received a telephone message that three women had seen a 9-year-old boy washed into the sewer. An accurate description of the child was given and Captain McGee took two patrolmen to the scene of the supposed accident. Once arrived there, he got two of the employes on sewer work being done at that point to go through the sewer to the opening at Bentalou street. By this time a large crowd had collected at both ends of the drain, and although the two men could find no trace of the boy, the three women stoutly maintained that they had seen the little fellow disappear.

While the search was still going on at the Bentalou street end, a little fellow answering the description of the child stepped up to one of the officers and asked if he had found his umbrella. Further explanation revealed that he was Edward Hetzer, the boy who had survived the watery trip through the sewer. He was taken home by an officer and a physician was called, who upon examination found that beyond one or two slight bruises the little fellow was none the worse for his narrow escape, except that the umbrella was gone.

TO DISCUSS TAX REFORM.

Virginia Bar Association Meets Today at Hot Springs.

Hot Springs, Va., July 29.— The Twenty-fifth annual meeting of the Virginia Bar Asociation will be held at Hot Sprnigs on tomorrow and Thursday of ths week.

Tax reform in Virginia, the principal problem now confronting the state, will be the chief subject for discussion, and a paper on that topic will be read tonight by Richard E. Bryd, of Winchester. Prof. Wm. M. Lyle, of the University of Virginia, will make the president's address at the opening meeting tomorrow.

Most of the members of the association are graduates of the University of Virginia and Washington and Lee University, and the reunions are more or less social and are marked each year by a banquet at wheih ther are always distinguished after-dinner speakers.

About 200 members will attend the meting. Messrs. James R. Caton, and Lewis H. Macen, of Alexandria, are among tose in attendance.

WANT UNIFORM LAWS.

Commission Will Hold Its Session in Montreal August 26th.

The commission on uniform state laws, which has bene holding conferences regularly for twenty-three years seeking the reforms which are obvious from its name, will meet in Montreal during the week beginning August 26th. This will just precede the annual meeting of the American Bar Association.

Representatives from all of the 48 States in addition to the District of Columbia, and the two territories of Alaska and Hawaii, and the Federal possessions of Porto Rico and the Phillippines, have been urged to be present. Among the subjects for discussion will be questions on a uniform workingman's compensation act, pure food laws and partnership and corporation acts.

The nearest approach to uniformity in state laws is that on negotiable instruments, which is now the law in forty-two states and Alaska. Twenty-six states have adopted the uniform warehouse receipts act, and Delaware, Wisconsin and New Jersey have adopted a uniform divorce act.

Messrs. James R. Caton, of Alexandria, and Eugene Massie, of Richmond, will represent Virginia at the conference.

Charlottesville, Va., July 29—The Rev. Charles Steele Davidson called at a local newspaper office Friday afternoon and announced that he had severed his connection with the Episcopal church and that in token of this act he had burned, at the gate to Monticello, his vestments and prayer book. He then proceeded, in a quiet way, to make very serious charges against two bishops of the Episcopal church in Virginia. These charges he had careffully written out and he had carefully written out and he offered them for publication.

The Truth About Electric Cooking
For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.
In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.
In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

FIERCE ATTACK ON THE EPISCOPAL CHURCH.

The dramatic renunciation of the Episcopal Church at Charlottesville by the burning of his vestments and the Prayer Book in front of the University of Virginia by Rev. C. S. Davidson, and invoking the shade of Thomas Jefferson, has startled not only people of that communion but Christian persons of all persuasions.

Since the days of Martin Luther, who nailed his theses to the door of the Germani Cathedral, ever and anon certain ministers of churches have endeavored to attract as much attention as possible when they have determined to sever their ecclesiastical relations.

The late John Newman, at one time an Episcopal clergyman, left the Church and later became a cardinal in the Roman Catholic Church. He was the author of that immortal Hymn, "Lead Kindly Light," and is said to have composed it while his soul was perturbed over ecclesiastical claims. The words of the hymn, like John Howard Payne's "Home, Sweet Home," strike a responsive chord in the souls of all earnest seekers after truth.

Burning prayer books and vestments or the commission of other dramatic acts will soon be forgotten in the rapidly shifting scenes of this world, while "Lead Kindly Light," "Rock of Ages," and "Jesus, Lover of My Soul," written by men whose consciences forced them to leave churches which had ceased to be interesting to them, will be hummed in the ages of ages by the redeemed of all races.

A minister in Alexandria many years ago, in referring to ecclesiastical squabbles, suggested that people who become most violent are seldom growing in grace themselves. Hence the renting of public halls for the purpose of venting one's fury against any ecclesiastical organization contributes but little towards building up the kingdom of heaven. In fact, it has a contrary effect, as many thousands of human beings, who are averse to assuming the yoke of the Man of Galilee, are every ready to listen to attacks on churches in order to find excuses for their own lack of spirituality, and when former ministers appear on the lecture platform with so-called exposes his course causes many to enter the broad road to destruction. An awful responsibility, seldom realized by bolters and dissenters in their zeal.

Judas Iscariot was a bolter from the immortal twelve. We are told that he brought no railing accusation against the Great Shepherd of the sheep or his followers. "I have sinned, in that I have betrayed the innocent blood." was his conscience-stricken utterance. He sought no notoriety and we are told "he went unto his place," whatever that may mean."

NEWS OF THE DAY.

While trying to loosen the belt around the shaft of a grindstone that was operated by a gasoline engine, that at the same time operated a washing machine, Robert, 15-year-old son of Jacob Marks, of Freystown ,was caught by the belt, which fractured an arm before the mother could stop the engine. The lad has been very unfortunate, as he had previously fractured one of his arms and also one of his legs.

The Mexican Federal gunboat Tampico was blown up in the harbor at Guaymas yesterday by bomb dropped from the aeroplane of Didier Masson, the French aviator.

With a Bible in his hand and in the act of delivering the invocation at the evening service in a Dayton, Ohio, church, Rev. Virgil B. Slater, of Youngstown, O., was arrested Sunday night on the charge of non-support of his wife and two children.

Dressed as nurses, suffragists yesterday attempted to reach the King's presence at Chichester, England, in order that they might personally present a petition to him. A detective interrupted them after they had succeeded in passing the last line of the guards.

News came to the state department yesterday from the American minister at Lima, Peru, that a mob had surounded the home of the president of the Peruvian senate and taken possession of senate chamber. Questioning of the credentials of a number of antiadministration senators brought on the demonstration. The minister reported that former president Leguira had applied to the legation for an asylum, but in the meantime had been arrested with his son and placed in the penitentiary.

Twenty-seven passengers were injured, six probably fatally, when five coaches of the Denver Boulder and Western train overturned near Eldorado, Col., yesterday. In the five coaches were 125 passengers, mostly touring from the east, who were viewing the scenery of the mountain trail.

GREAT OYSTER BED IN SEA.

Supply of Edible Giant Scallops Virtually Inexhaustible.

Washington, July 29.—An important economic discovery in the shape of an inexhaustible bed of giant scallops off the Atlantic coast has just bene made by the United States Bureau of Fisheries. Dr. Hugh M. Smith, Commissioner of Fisheries, reported the valuable find today to Secretary Redfield.

This bed of big edible bivalves is said to extend all the way from Block Island, off Rhode Island, to the Virginia Capes, and appears to be thirty miles or more in width.

The discovery was made by William W. Welsh and Dr. Henry B. Bigelow, scientific assistants in the Bureau who have just completed in the Fish Commission vessel Grampus, a trip from the New England coast to Norfolk. Every time the vessel's dredge was put down, the experts reported it brought up from one to three bushels of scallops.

Another trip is to be made at once to determine more exactly the limit of the beds. Charts will be drawn showing the bounderies. Enough is known from the information already secured to make the officers of the Fish Commission feel confident that their discovery is of great economic value and virtually inexhaustible.

Heretofore the giant scallop has bene found in small spots along the Maine coast, although the small variety inhabits many places.

REBELS FIRE ON SHANGHAI.

Shells Burst in Foreign Quarters, Killing Portuguese Boy.

Shanghai, China, July 29. — After two nights of quiet, firing was resumed here at 9 o'clock last night. Shells burst over the bandstand in the foreign settlement and a Portuguese boy received mortal injuries and other foreigners had narrow escapes.

At 11 p. m., the firing still continued. It is suspected that the rebels are deliberately training their guns on the foreign settlement in revenge for the Shanghai volunteers disarming 300 soldiers and 12 officers at Chapei Saturday.

Panic prevails among the Chinese, crowds of whom are flocking to the foreign settlement from the native city. All the boundaries of the settlement are constantly paroled by foreign detachments.

Hongkong, July 29.—The British river steamers at Canton have been ordered by the consul to have steam up in readiness to embark, if necessary for the women and children from the suburb of Shameen, where most of the foregners reside.

There was an abnormal exodus yesterday of the better class of Chinese from Canton to Hongkong.

After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. APPEARS ON THE STAGE.

Granddaughter of the Late Commodore Maury Dazzled by Footlights.

Mrs. Walter Allen Galt, formerly Miss Margaret "Zuney" Ordway Maury, of Washington has appeared on the stage in New York. Mrs. Walter Galt is the granddaughter of the late Commodore Maury, and her father—Mrs. Burlingham's first husband—was Fountaine Maury, a prominent personage. On Novmber 23, 1909 Miss Maury and Sherburne P. Hopkins, son of Capt. Sherburne G. Hopkins, went to Baltimore ostensibly to attend a theatrical performance. While there they were quietly married. Plans were made to keep the marriage a secret Miss Maury returning to her mother's home, and Hopkins on the following day leaving for the South. He spent several months in Central America.

In August, 1910, the secret leaked out, to the utter surprise and astonishment of the friends and relatives of both parties to the sacred contract In the following month proceedings were inst'tuted by the mother of the young bride to have the marriage annulled. On January 5, 1911, the Supreme Court of Maryland, in session at Baltimore, declared the marriage null and void.

About a year later, Mrs. Hopkins, was married to "Chappie" Galt, the scion of an old Virginia famiy, The couple lived in Washington. "Zuney," as Mrs. Galt, is known by her most intimate friends, is extremely beautiful, and prior to her marriage had many admirers.

STENOGRAPHER'S FATE.

Young Woman Killed and Her Throat nad Body Cut by Robers.

Dallas, Tex., July 29.—Defending her employer's safe from robbery, Miss Florence Brown, 23 years old, a stenographer, was killed a few feet from the vault door of the Robinson and Syron real estate offices.

All circumstances point to attempted robbery of the vault as the only motive which actuated the crime. Examination of the body showed that the young woman had fought bravely, but finally was rendered unconscious by several blows on the head and forehead. There were three gashes across the throat, extending almost from ear to ear.

All of the arteries, trachea, and jugular were severed, and the wounds extended back to the spinal canal, just above the clavicle. A long, ugly bruise extended across the left temple and side of the head, and the inside of the fingers of the right hand were cut to the bone.

There were the imprints of fingernails discernable on both arms, the neck and breast, and beneath the left ear. The marks of a full set of teeth were found on the right forearm. On the floor by the body was picked up a small set ring which she wore. The ring was badly bent as though it had slipped from her finger during the struggle and was stepped on either by herself or her assailant.

Two or three feet away from the body was a carpenter's clawhammer, which, it is thought, was used by the assassin in beating his victim into insensibility, after which he cut her throat. Only one small blood spot was found on the hammer handle.

Miss Brown was a small woman, weighing scarcely more than 105 pounds, and inasmuch as the room in which the tragedy took place was not disarranged in the slightest, it was evident the murder was committed by a powerful person, who experienced no great difficulty in overpowering her.

The wearing apparel of Miss Brown was not greatly disarranged, although her waist was badly torn. Physicians who examined the body assert that robbery of the office must have been the motive of the murderer.

Within two hours twenty-five young men had been arrested on suspicion.

DOG DIES SAVING CHILD.

Kills Rattlesnake After Receiving Its Blow at Little Mistress.

Pueblo, Col., July 29.—Boots, a white bulldog, the pet of the family of Alonzo Hunt, was the hero of an exciting fight with a rattlesnake yesterday morning, and to save his mistress, Lucille, 5 years old, leaped between her and the reptile, received the full force of the snake's attack, and then succeeded in killing it before he succumbed to the poison.

So thankful are the members of the Hunt family for the salvation of their baby, that they have decided upon a formal funeral for their pet and Boots' grave will be marked with a granite tombstone, which will bear the inscription, "No Greater Hero Ever Lived."

Home Shows Evidences of Struggle, But Deaths Present Mystery.

Rumsey, Alberta, July 29.— Geo. Robinson, his wife and two children were found shot to death in their farm house near here yesterday. The bodies of Robinson and his youngest child, a 3-year-old girl, were found in one room; his wife and 12-year-old son were in another.

A shotgun rested across Robinson's body and three empty shells lay on the floor nearby. The house showed evidences of a fierce struggle. The police have not learned yet whether the family was attacked or whether it was a case of murder and suicide.

The Republican State Central Committee of Virginia will meet in Roanoke, August 9th, to consider nomination of candidates for governor and other officers.
